

A warm, dimly lit workshop or factory interior. In the foreground and middle ground, several wooden chairs with curved backs and dark frames are visible. Some chairs are partially assembled. In the background, a large, dark, cylindrical barrel or drum stands against a wall of corrugated metal. The floor is dusty and covered with wood shavings. The overall atmosphere is one of traditional craftsmanship.

Manufacturing Unit:
Kirti Nagar, New Delhi

01

As shown

Order exactly what you see in this catalog.
Ready to craft, as it stands.

02

Customised

Change the material, dimension, or finish. The
design remains; only the expression changes.

03

Original

Bring a sketch, a feeling, a reference. We begin
from a blank page.

Nothing is mass-produced.

Every
design is
a starting
point.

Choose it as shown. Adapt it to your
space. Or tell us what you imagine,
we'll build it from nothing.

Designed with intention

Maple rejects loud luxury for true presence — found in the weight of a well-crafted table and a clean edge. Every piece is built not just to fit a room, but to belong to the life inside it.

DESIGN
SCOPE

DELIVERY
ACROSS INDIA

THE ROOT

From forest to furniture craftsmanship

MATERIAL AS VOCABULARY

Teak finishes and fabric families

THE HAND

Timeless craftsmanship in every detail

COMMISSION AS AUTHORSHIP

A design journey in four steps

Design Concept

Grammar of Material

WOOD & CLOTH.

The two things a home feels first.

Before a piece has a name, it has a material. At Maple, every decision about wood and fabric is made not for the room it will enter, but for the life it will carry. **Teak** that grew for fifty years. Fabric chosen for how it recovers, not how it photographs.

THE WOOD · SEVEN FACES OF ONE TREE

Black Espresso

Deep.
Architectural.
Absolute.

Dark Mahogany

Rich red
undertones.
Bold and rare.

Coffee Brown

Warm depth.
The classic
of classics.

Dark Walnut

Considered.
Serious.
Timeless.

Mid Walnut

Balanced
warmth.
Universally
right.

Honey Brown

Golden. Alive.
Optimistic.

Natural Teak

Closest to the
forest.
Unfiltered.

Available across Nimbus and other Maple collections.

THE FABRIC · THE SKIN OF THE PIECE

Suede

VELVET-LEATHER HYBRID

It does not show age, it earns it. A surface that becomes more itself over time.

Leatherite

PRECISION-ENGINEERED

Engineered for Indian homes, built for the long run, not the showroom.

Boucle

LOOPED · TEXTURED · ARTISANAL

Each loop catches light slightly differently. Up close, it is alive. From across a room, it reads as quiet luxury.

Velvet

RICH · DELIBERATE · UNAPOLOGETIC

Chosen for pile density, colour retention, and how it recovers from use.

The 10-Year No-Damage Guarantee (Terms & conditions apply)

Every Maple piece in **teak** is guaranteed against damage for a decade and built to outlast it by a generation. True durability is not a promise.

It is a construction standard.

50+

Years lifespan
with periodic care

Crafted in Delhi.

DELIVERED ACROSS INDIA

Rooted in Kirti Nagar.
Present in every city that
takes its spaces seriously.

DELHI	MUMBAI	HYDERABAD	CHENNAI	VADODARA

PANTONE 2026
Cloud Dancer

NIMBUS

Origin & Philosophy

Nimbus creates weightless yet rooted furniture that whispers instead of shouting. Shaped from natural teak and timeless materials, each piece is designed to breathe with your space.

→ THE CRAFT WITHIN

Craft that speaks through material, not volume.

→ WHY NIMBUS

Effortless, transformative furniture that is present without dominating.

THE COLOUR LANGUAGE

Nimbus is defined by restraint. Soft whites, quiet neutrals, natural teak, and rich textures come together to age gracefully, work with light, and let craftsmanship speak for itself.

CLOUD DANCER 2026

Pantone's 2026 Colour of the Year, Cloud Dancer mirrors the Nimbus philosophy — soft, airy, calm, and built to endure. It works with light rather than against it, and settles into natural materials without effort. Because colour is not decoration. It is a decision that lives with you for years.

NIMBUS COLOUR STORY

THE MAPLE PROCESS

STEP 1

CONVERSATION

Every Maple commission begins not with dimensions, but with a conversation. About how you live. How light enters your room. What quiet means to you.

DESIGN

STEP 2

Your brief becomes a drawing. Material, finish, and form are proposed. Nothing moves to craft until it feels right to you.

STEP 3

CRAFT

Built by hand at our Kirti Nagar workshop. Joinery before glue. Grain before finish. Every piece reviewed before it leaves.

DELIVERY

STEP 4

White-glove delivery and placement across India. The piece arrives the way it was imagined, complete.
